PROFESSIONAL EXPERIENCE

Cyber Risk Analyst | 2023 – Present

Manchester Airport Group

- Own and manage the Third-Party Risk Management (TPRM) programme across four business units, IS & 3rd Party policy & standard ownership, application integration security and PCI-DSS implementation support. I support in cybersecurity compliance and organisational resilience.

Graduate Cyber Security Analyst | 2022 – 2023

General Medical Council

- Managed endpoint security, identity and access management, vulnerability reporting and security awareness programmes while overseeing third-party risk assessments and user lifecycle management. Produced cybersecurity reporting, dashboards and SOPs whilst proactively monitored emerging threats to strengthen the organisation's security posture.

Project Management & Technical Delivery Intern | 2020 – 2021

VMWARE (Broadcom)

- Managed a diverse portfolio of projects across the UK & Ireland, Nordics and Benelux regions, ensuring successful delivery within scope, budget and timelines while supporting reporting activities. Developed experience with cloud security and endpoint protection technologies, contributed to the achievement of FY21–22 revenue targets through effective project and resource management.
